### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

I. In the first paragraph of the specification that was inserted by the amendment filed March 14, 2001, --now abandoned—has been inserted after "09/809,686" and prior to "..".

### ***Statement of Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: This application has been allowed in view of the amendment to the claims and applicant's argument that the preamble should be given patentable weight in view of the fact that the amended claims rely on the preamble for antecedent basis for terms recited in the body of the claims. Applicant's position is consistent with MPEP 2111.02 and particularly Bell Communications Research Inc. v. Vitalink Communications Corp. 34 USPQ2d 1816, 1820, which is cited in MPEP 2111.02.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
